BIG SCHEME

On Hand to Make Nortonville a Manufacturing City.

Syndicate to Buy Out the Norton Interests and Open a New Shaft Mine.

A contract of sale has been obtained from the Norton heirs for their interests around Nortonville, and the sale will be consummated at an early date upon certain conditions. The purchasers are capitalists in Hopkinsville and Paducah and this statement of the contemplated deal is obtained from the attorney for the syndicate.

A meeting was held at Nortonville yesterday of representatives of the Syndicate and of the L. & N. and I. C. railroads. The meeting was to decide upon the location of switches and other railroad improvements, looking to the opening of a new coal mine. As soon as these details are arranged, the sale will be made and the syndicate will go to work on a large scale. The property transfer will involve about 2,000 acres, located on both sides of both railroads. It is proposed to open mines, one of them a shaft mine, with the latest improved machinery, and clean up and lay off a manufacturing town. The hotel will be improved and every inducement offered for manufacturing enterprises. It is understood that the syndicate is already after the Harned axe handle factory, expected to locate here.

The deal amounts to about \$100,000.

CASE CONTINUED.

Examining Trial of Claud Bradshaw Reset for Wednesday.

The case of the Commonwealth against Claude Bradshaw, col., charged with the murder of Dan Butler, col., near Pembroke, was called yesterday for examining trial and, at the instance of the defense, was continued until Wednesday morning.

Several witnesses for the defense live in Todd county and the officers have not yet succeeded in serving summonses. Bradshaw is accused of killing Butler and then placed his body on the railroad track, where it was hit by a train.

IN TWO WEEKS

The Annual Grange Sale Will Be Held at Church Hill.

The Church Hill Grange Sale will be held this year on May 23, which is two weeks from to-day. Stock will not be plentiful as last season, but as a rule it is in much better condition. As usual, the hospitable Grangers will provide dinner for their invited friends, but there will be no public dinner.

CAPT. TURNER DEAD.

He Was a Native of Trigg County.

Capt. Wayne Turner, clerk on the wharfboat at Paducah for many years, aged 45 years, died Monday night from a complication of diseases, leaving a wife and three daughters. He was a native of Trigg county.

Hopkins Instead of Trigg.

In Tuesday's issue of the KENTUCKIAN it was stated that Trigg Circuit Court began Monday. It should have read "Hopkins." Circuit Court convenes at Cadiz the third Monday in May.

Has Hydrophobia.

Mrs. Margaret Mooney, near Henderson, has a fully developed case of hydrophobia, says a special agent from that place. She was bitten some weeks ago by a dog.

SAMPSON DEAD.

The Rear Admiral's Career Ended By Grim Reaper.

Appointed to Annapolis in 1857 And Graduated at the Head of His Class.

Washington, May 6.—Rear Admiral William T. Sampson, retired, died at his home in this city at 5 o'clock this afternoon. The immediate cause of his death was a severe cerebral hemorrhage. He had been in a semi conscious state for several days, and this afternoon suffered a severe cerebral hemorrhage. At the bedside when the Admiral breathed his last were Mrs. Sampson, Mrs. Lieutenant Cluverius, the Admiral's married daughter; Admiral Sampson's two young sons, Ralph and Harold

THE LATE ADMIRAL SAMPSON.

Sampson; Dr. Dixon, the attending physician and nurses and attendants.

SAMPSON'S CAREER.

Rear Admiral Wm. T. Sampson was born in Palmyra, New York, February 9, 1840. He was appointed to the Naval Academy on September 24, 1857, and graduated at the head of his class in 1861. He was promoted to master in 1861, and was commissioned lieutenant July 16, 1862. He was executive officer of the ironclad Patapsco, which was blown up by a mine in Charleston harbor in the Civil War. His subsequent commissions were as follows:

Lieutenant commander, July 25, 1866; commander, August 9, 1874; captain, March, 1889; commodore, 1898; rear admiral, September, 1899. Admiral Sampson was superintendent of the Naval Academy from 1886 to 1890. He was an expert on ordnance, torpedoes, etc., and with Lieutenant Joseph Strauss devised and perfected the superimposed double-turret system.

Admiral Sampson was president of the Board of Inquiry into the cause of the destruction of the battleship Maine in Havana harbor, February 15, 1898.

After the declaration of war with Spain he commanded the North Atlantic squadron, the New York being his flagship. The squadron numbered 125 vessels. Its chief work was the blockading of the ports of Cuba and Porto Rico and at the same time scouting to locate Admiral Cervera's fleet, which was finally cornered in the harbor of Santiago de Cuba.

The great naval fight which followed the futile attempt of the Spanish fleet to escape, and which occurred during the temporary absence of Admiral Sampson on the New York, thus leaving Admiral Schley the ranking officer of the American fleet, resulted ultimately in the Schley-Sampson imbroglio.

Admiral Sampson's last post was as commandant of the Naval navy yard.

LAST WEEK'S QUOTATIONS

Fairly Represent the Local Market for This Week.

There was but little change in local tobacco market this week. The order of the weed was much improved and rejections were not so numerous as last week. Nearly all of the "high order" stock has been sold and hereafter the offerings will be made up of tobacco in better condition. Last week's quotations fairly represent the market this week.

Receipts for the week were 460 hogheads, and for the year 6960 hogheads. Sales for the week, 6600 hogheads, and for the year 1901 6960 hogheads. The loose markets are not so large as they were a few weeks ago.

NEXT TO BANK.

Another Handsome Business House to Go Up in "The Bottom."

The handsome building lot on the west side of Main street, adjoining the new building of the First National Bank, now in process of erection, has been sold to Mr. C. F. Jarrett, who will at once erect a handsome business house upon it. The frontage is thirty feet and two narrow storerooms will be on the first floor and offices on the floor above. The building will be a handsome structure with modern improvements.

SUES TOWN OF CROFTON.

Plaintiff Alleges Damages in Sum of \$750.

T. J. Davis vs. Town of Crofton is the style of a suit filed with the Circuit Clerk Wednesday. Plaintiff alleges that the Common Council of the town of Crofton requested and demanded of him that he tear down and destroy his ice house, located in the place, and that on account of the removal and destruction of said house he was damaged to the amount of \$750.

RABID COW.

Colored Farmer Near Church Hill Has One.

Nelson Gee, a colored man near Church Hill, has a milk cow afflicted with rabies. She chases things around and appears to be suffering with genuine hydrophobia. As she is a valuable animal, worth at least \$50, he has confined her to wait developments and hopes to be able to save her.

HEAVY HAUL.

Burglars Secure Valuables From Store at Pembroke.

Effort Made to Enter Another Store, But Thieves Were Frightened Off.

Last Monday night burglars entered the store of Mann & Johnson, at Pembroke, and carried off about a dozen watches, a lot of pocket knives and one pistol.

The postoffice is kept in the building, but nothing in the office was disturbed.

The thieves effected an entrance by breaking a rear window with a brick and then working the catch.

A jeweler has a department in the store and some of the watches stolen belonged to his patrons. The other articles belonged to Mann & Johnson. This is the fourth loss the firm has sustained in a similar manner since they have been in business at Pembroke.

The same night an attempt was made to burglarize the grocery of Moore & Jones, at the same place. A panel of the rear door was broken in a brick, but a clerk hearing the noise, arose and ran to the door. The burglars were evidently frightened away, as no trace of them could be found when the door was opened.

It is thought that the jobs were the work of tramps, as two suspicious characters spent Monday in the town, and the police all over the country have been notified to look out for them.

New York, aged 62 years.

Nearly 200 doctors attended the
meeting of the State Medical Society
at Paducah.

Officer Geo. Sigel won the prize
offered by the Times to the most
popular policeman in Louisville.

Judge T. H. Paynter has been
renominated for Judge of the Court
of Appeals, in the Sixth district,
without opposition.

Now that the "festival" season is
at hand, the coroner is expected
to do an increased business in the
holding of inquests. The average
has recently been only one a week.

Frank Stockton, Sol Smith, Russell
and Bret Harte all died
within thirty days. There seems to
be a strange "affinity" attending
their humors as well as our Con-
gressmen.

Several members of the Legislature
called upon Gov. Beckman
Tuesday and urged him to again
seek the Democratic nomination for
Governor. It is not believed that
he will need much persuasion.

The trustees of the Kentucky
Confederate Home have organized
by electing Col. Bennett H. Young
President and H. P. McDonald
Secretary. The trustees will ad-
vertise for proposals for a home on
a site of not less than 30 acres.

Last year 6,755 persons took their
own lives, and the year before only
5,340 committed suicide. Comparison
with other years shows that
more women killed themselves than
ever before. Before this the pro-
portion was five to one in favor of
men.

Gov. Jefferson Davis, of Arkansas,
has pardoned a negro convict on
condition that he become a citizen of Massachusetts
within thirty days, where he can
enjoy the sympathy expressed for
the "poor oppressed negroes of the
South."

During the life of the Fifty-sev-
enth Congress eight members have
died, namely: Crump, of Michigan;
Polk, of Pennsylvania; Cummings,
of New York; Otey, of Virginia; Salmon,
of New Jersey; Broious, of Penn-
sylvania; Bush, of Pennsylvania;
Stokes, of South Carolina. Four were
Republicans and four were Demo-
crats. Three of them—Cummings,
Otey and Salmon—died within four
days, since the first of May. Still
there are five men in this district
who want to go to Congress.

Beware of Ointments for Calcar That Contain
Mercury

As mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous sur-
face, these articles should never
be used except on prescription from
a reputable physician, as the dam-
age they will do is ten fold to the
good you can possibly derive from
them. Hall's Catarrh Cure, and Co.
Toledo, O., contains no mercury,
and is taken internally, acting di-
rectly upon the blood and mucous
surfaces of the system. In buying
Hall's Catarrh Cure, be sure you
get the genuine article, as taken
mainly and made in Toledo, O., by
F. J. Cheney & Co. Testimonials

per bottle.

Salt Rheum

It may become chronic.

It may cover the body with large,
inflamed, burning, itching, scaling
patches and cause intense suffering.
It has been known to do so.

Do not delay treatment.

Thoroughly cleanse the system of
the humors on which this ailment de-
pends and prevent their return.

The medicine taken by Mrs. Ids E. Ward
Cove Point, Md., was Hood's Sarsaparilla.
She writes: "I had a disagreeable itching on
my arms which coincided with the time
I began taking Hood's Sarsaparilla and in
two days felt better. It was not long before
I was cured, and I have never had any skin
disease since."

Hood's Sarsaparilla

Promises to cure and keeps the
promise. It is positively unequalled
for all cutaneous eruptions. Take it.

Admiral Sampson was a brave
and accomplished officer and a man of
such a high order of ability that
he headed his graduating class.

He stood in with the McKinley ad-
ministration and though only a
captain when the Spanish war
broke out, he was promoted over
the heads of many ranking officers
and placed in command at Santiago.
Unfortunately he was temporarily
absent when the battle came off
and the honors of the victory fell to
Schley. In reporting the fight he
claimed the victory for the "forces
under my command," and by so
doing brought trouble upon himself
that probably hastened his
death. He was upheld by the ad-
ministration but public opinion was
all against him, in favor of Schley.

Rev. W. H. Walker, of Lynn,
Mass., has received a letter from
his son, J. B. Walker, a private in
the 16th infantry, now at Sorsogon,
in the Philippines, in which he
charges that 1000 Filipino prisoners
were shot in platoons over graves
they had been forced to dig, and
that a priest who acted as confessor
and general was hanged before
the slaughter of his command. The
soldier says that Lieut. Barr com-
manded the Americans and the
slaughter occurred 18 miles from
Sorsogon. Private Walker enlisted
at the outbreak of the Spanish war
and was one of those recommended
for bravery at the charge of San
Juan hill. From a China regi-
ment he was ordered to the Philip-
pines.

The Democratic Committee of the
Second District, composed of nine
members and the ex officio chairman,
will meet in this city to-morrow even-
ing at 7:30 o'clock to settle upon
the time and method for nominating
a candidate for Congress. The five
candidates will appear before the
Committee and it is understood that
at least three of them will ask for
a primary election.

President Roosevelt has refused to
permit the French Government to con-
fer the Cross of the Legion of
Honor upon Admiral Dewey and
Lieut.-Gen. Miles. This refusal
has created a sensation in diplo-
matic and army and navy circles.
The officers directly concerned and
their friends assert that the Presi-
dent's decision was due to a wish
to further humiliate them.

The revolution in San Domingo,
headed by Vice-President Vasquez,
has succeeded and President Jim-
inez has sought safety in the
French consulate. There was
heavy fighting for two days pre-
ceding the capitulation of the gov-
ernment forces.

The President commuted from
imprisonment for life to 10 years
the sentence of Isaac Stone, con-
victed in Kentucky of murder on
November 25, 1895, on the ground
that circumstances show that the
prisoner did not do the actual
killing.

The amount estimated as neces-
sary for the payment of our pen-
sions for the coming fiscal year is
\$138,700,000. Compared with the
present expenditures of other govern-
ments, as based on the figures
of the last two years, it is more
than double the total of all of them
put together.

Mr. C. H. Johnson and wife, of
Cairo, Ills., are visiting relatives

MARRIED HIS STEPMOTHER.

Young Georgian Weds His Father's
Divorced Wife.

A marriage with unusual and
embarrassing complications recently
took place at Tifton, Ga., in the
union of L. L. McAllister, says a
special from that place. They
were both married and took a train
for their home at Fitzgerald, where
they immediately separated on be-
ing told that their marriage was
illegal.

Mr. McAllister is almost 22 years
old and the bride 27. She was the
groom's stepmother, being his father's
fifth wife. She has two interesting
children, who are now her husband's half brother and half sis-
ter.

In early girlhood Mrs. McAllister
married the father of her present
husband, a man then advanced in
years. They came to Georgia with
the Fitzgerald colony, and two
years ago she obtained a divorce
from her aged husband, the court
giving her the care of their two
young children.

Some time after the divorce L. L.
McAllister came to Fitzgerald and
there met the young woman, who
was an expert photographer, at
which profession she earned her
living. A feeling of mutual esteem
sprang up between the young man
and woman, and they became business
partners. Esteem ripened
into love.

FOR WORTHY CAUSE

And Packed House Should be the
Result.

Interest in the Old Time Fid-
dler's contest to be given at the
Tabernacle Friday night, May 16,
is increasing with each day and the
entertainment promises to be a huge
affair. Contestants for the valuable
prizes are getting in readiness and
many of the best performers known
in this part of the State will
compete.

The Hopkinsville orchestra has
kindly consented to aid in the en-
tertainment and will render several
selections during the evening.

The proceeds, after the expenses of
the contest are paid, will go to-
wards reducing the tabernacle
debt, as previously stated, and this
alone should guarantee a packed
house.

The Most Common Ailment.

More people suffer from rheumatism
than from any other ailment. This is
wholly unnecessary too, for a cure may be effected at a very
small cost. Mrs. W. W. West, of
Endicott, N. Y., says: "I have been
afflicted with rheumatism for
some time and it has caused me
much suffering. I concluded to try
Chamberlain's Pain Balm and am
pleased to say that it has cured
me." For sale by all druggists.

raise on town lots removed and the
three per cent on farms reduced to

AGAIN UNITED.

Mr. Jas. E. Cooper Wedded to His
Former Wife.

The freak calf mentioned in the
last issue on the Kentuckian will be
on exhibition at the street fair. Mr.
R. S. Gary, who reported it, has
sold it to Dr. C. E. Rousey and Mr.
Upshaw Buckner, who have it at
Cooper's stable, raising it on milk.
It has no eyeballs and where the
caudal appendage should be there
is only a tuft of hair. It is healthy
and vigorous and though blind
smells its way about seeking the
milk on which it is fed.

STRANGE SUBSTANCE

Hell From the Heavens and Is
Used For Fences.

Some time ago the inhabitants residing
near Danville thought the entire heavens were falling. Mystery still surrounds the wonderful
occurrence. About 9 o'clock at night a fiery mass descended from
space and struck the ground on the farm of John Druessel. Investigation
proved that the substance resembled burnt rock.

A dozen wagon loads of the stuff
has been hauled away and an inexhaustible
supply appears to be buried for many feet in the earth.
It is being used to make fences.

The only reasonable theory that
has been offered so far is that the mass came from a huge meteor.

Whooping Cough.

A woman who has had experience
with this disease, tells how to
prevent any dangerous consequences
from it. She says: "Our three
children took whooping cough last
winter. The youngest was three
months old, and owing to our
giving them Chamberlain's Cough
Remedy, they lost none of their
plumpness and came out in much
better health than other children
whose parents did not use this
remedy. I have a small bottle which
would call lusty for cough syrup
between whoops." JESSIE PINKEY,

Tired Out

"I was very poorly and could hardly get about the house. Then I tried Ayer's Sarsaparilla, and before I took two bottles to make me feel perfectly well." — Mrs. N. S. Swinney, Princeton, Mo.

Tired when you go to bed, tired when you get up, tired all the time. Why? Your blood is impure, that's the reason. You are living on the border line of nerve exhaustion. Take Ayer's Sarsaparilla and be quickly cured. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this great and family medicine. Follow his advice and we will be glad to supply you.

J. C. AYER CO., Lowell, Mass.

Poultry Papers

Omit*ed in Report of The Farmers' Institute.

Mention of the excellent papers on poultry, read at the recent Farmers Institute, was inadvertently left out of the Secretary's report published by the KENTUCKIAN, in putting the report in type.

Mrs. J. W. Lander and Mrs. C. S. Coleman each read papers on Poultry that were considered among the very best heard in the Institute. These with other articles read will be published by the KENTUCKIAN in supplement form in a week or so.

Want Follow Advice After Paying For It.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of treatment. The physician and patient both know that the physician can do little except he has but one resource, let me merely the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Liver Tablets, should be employed. This rule is not followed, however, for they leave the bowels in a natural and healthy condition. For sale by all druggists.

To Attend Convention.

Mrs. T. A. Smithson, Mrs. Harriet A. Rogers and Mrs. W. A. Long will go to Bowling Green tomorrow as representatives of the Cumberland Presbyterian church, to attend the Women's Missionary Convention which meets Sunday in that place. The convention will be in session four days.

No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are still working this morning. H. R. PHILIPS, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. For sale by all druggists.

Wedding Postponed.

The marriage of Prof. W. L. Davis, of Cadiz, and Miss Francis Broadbent, of Wallonia, scheduled for last Wednesday evening has been postponed on account of the illness of Miss Broadbent.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement in the stomach, liver and bowels. A few doses of Prickly Ash Bitters quickly correct the disorder and sends the blood gurgling through the veins, carrying life and energy throughout the system. R. C. Hardwick, Special Agent.

ONE BRUTAL CASE

Private Evans, of Kansas, tells of the Water Cure.

Washington, May 6—in the examination before the Senate Committee on Philippines yesterday Daniel J. Evans, of Kansas, late private of Company E, Twelfth Infantry, testifies to having witnessed one brutal case of water cure in Northern Luzon.

Two native scouts and a private of his company, a big, warty man, participated in the operation. The private who, he believed, was Frank Koehler, of Cincinnati, recently discharged, struck the Filipino under torture in the stomach with his fist some forty times. He knew of five villages having been burned.

In a pamphlet sent out by State Supt. McChesney, a synopsis of school laws passed by the recent General Assembly, he says: "Senate bill 42, the Dye bill, makes teachers of schools and colleges that are preparing persons for examination for certificate ineligible to hold the position of examiner on the county board." The amendment to the oil law as to the appointment of examiners reads as follows: "No person shall be eligible as examiner on said county board who is at the time of the examination, or for six months previous thereto has been, conducting or teaching in any school, college or university where teachers or those preparing to teach are making preparation to be examined for certificate to teach in the common schools of the State." This can not affect the legality of the appointment of examiners made prior to the time the law became effective. It became a law March 28, 1902, ten days after the adjournment of the General Assembly, without the signature of the Governor. The bill carried an emergency clause."

The Board of Examiners for Christian County will still consist of Prof. A. C. Kykendall and Prof. L. M. McCary who were re-appointed and qualified in January.

L. A. D. is kind and docile, has no bad habits and any one can handle him. As a show horse he has no equal; he has won four-fifths of all premiums for which he has contested. He has handled such show horses that have been prominent in the last ten years, as Dorse, Estelle, Electroyte, Endor No. 27, Red Eagle No. 28, Thornton Star, Emily, Red Jean, Preston, H. L. D., and R. C. Chief, and many others of equal fame. He is black, with just a little white on each hind heel; is 16 hands high, a model in form and style. As to style, action and grace in motion he possesses as much as any competitor. He has a gait that can "trot in 2:5 or "trotter" and goes all the saddle gaits with ease.

YANKEE METHODS.

How a Cuban Has Been Benefited by Following Them.

In the province of Havana, after the departure of the Spanish army, a tobacco planter, named Gonzalez, found himself penniless, his family scattered, his plantation destroyed, and his home and storehouses burned. He had been one of hundreds of victims. Leaving only the waste ground behind, he had fled with his family to escape the further rage of the Spaniards.

Happy even to have life as his sole heritage of the conflict, Gonzales set about rebuilding his fortunes. He managed to borrow \$300 from a friend in Havana. He bought a pair of heavy boots, a few tools, a horse, and some tobacco plants. He made his way through a wilderness to his former home. There was nothing but a growth of weeds and heaps of fallen stones and charred timbers for a welcome; but with energy born of necessity, he began his herculean task. He cleared up part of the ground and planted it. While he was giving nature (which is kind in Cuba), time to rest, he felled some large palm trees, meantime sleeping in the open air by night. After while he built of the palm tree lumber a storeroom for his tobacco. He lived in a part of this house, where he dried the tobacco leaves and prepared them for market. At odd times, he did more clearing and more plowing. In all this he was absolutely alone and unaided. He had not made a place for his family, his old laborer had died or were a part of reconquesto populations, and there was little or no help to be had, even if he could have paid for it. He toiled on with hope for his companion, as many like him were doing in various parts of the country. The result of his pluck is to be seen to-day in a flourishing plantation, in the improvement of which he has spent \$6,000, paid out of the receipts for his crop, which has also yielded enough for his living expenses, and has provided a home for his reunited family. Emilio Nunez, Civil Governor of Havana, in success.

NOVEL ADVERTISING PLAN.

Washington Restaurant Man Gave Out Four-Dollar Notes in Change.

The officials of the secret service bureau in Washington were kept busy the other day in explaining the use of so-called \$4 notes by the proprietor of a local restaurant. The report had been circulated that the proprietor was violating the law. The \$4 notes consisted of sheets of four \$1 bills, just as they came from the press at the bureau of engraving and printing. Shortly before the holiday the restaurant man circulated an advertisement in which he offered the greatest of holiday novelties, "New \$4 notes." He announced that in giving change to his customers when bills sufficiently large to warrant it were tendered he would give each of them a new \$4 note.

The card was a drawing one. The shrewd host was besieged with requests for the new notes, and the demand soon exceeded the supply. A great many persons really expected to get \$4 notes. Others knew that such could not be the case, for the reason that the government had never issued any notes of that denomination. Quite a number expected to find the whole thing a hoax and were surprised when they learned that the man was giving out "New \$4 notes" in accordance with his advertisement, that is, sheets containing four \$1 notes.

Several persons assumed that he was violating the law, and reported the matter to the secret service bureau. Each of them was informed by the secret service officers that there was nothing illegal in the restaurant man's action. The secretary of the treasury is allowed by law to give out sheets of four \$1 notes before they are cut, to persons of good standing who may desire them as curiosities or souvenirs, in exchange for other money representing the face value of the notes.

Valuable Corundum Discoveries.

Corundum is first cousin to the sapphire and the ruby, but lacks their brilliance of color and transparency. It is a most excellent abrasive material, better than emery, which is impure corundum, in that respect, but hitherto its rarity has made it too high-priced for general use. Recently valuable deposits of corundum have been found in the mountains north of Kingston, Ontario, and it is hoped that they will furnish a large supply of the mineral. Traces of sapphire have been found among the deposits, but as yet no specimens of the precious blue gem have revealed themselves.
